

## **SAJP PsySSA PAGE FEE STRUCTURE**

### **1. We will implement the following differentiated fee structures:**

- 1.1 One 'free' solicited international contribution per issue.
- 1.2 All other international authors will be expected to pay page fees.
- 1.3 Private practitioners (who are in no way involved in academia, where they will receive some form of subsidy from their respective universities) will pay less than those who are employed by tertiary institutions (and thus receive subsidy for articles published).

### **2. Page fees per published page:**

- 2.1 R 185, 00 per **manuscript (NOT pdf) page** (authors employed by universities).
- 2.2 R 100, 00 per page (authors not involved in academia).
