

The KwaZulu-Natal branch of PsySSA was pleased to be associated with the UKZN Department of Behavioural Medicine / Fort Napier / Town Hill / Umgeni Hospitals' Clinical Psychologists who recently held a celebratory event to honour Professor Basil Pillay on his appointment as Chair of the Professional Board for Psychology at the HPCSA. This also included an interesting presentation by Professor Basil Pillay on the “*Roles and Functions of the Professional Board for Psychology*”, that stimulated a thought-provoking discussion amongst those present. Professor Basil Pillay is the Head of the Department of UKZN Behavioural Medicine and the Chief Clinical Psychologist for the hospital services in KwaZulu-Natal. Professor Basil Pillay was Vice-Chair of the Scientific Committee for the 2012 International Congress of Psychology and he is a Past President of PsySSA having served his term of presidency during the years 2007-2008. We congratulate him on his appointment and wish him all the best for his term as Chair.
